Brief notice was made in yesterday's LEDGER of the finding of the body of Mrs. Elizabeth Boone, wife of Daniel Boone of Moransburg, this county, who, together with a son and daughter, all lost their lives in the flood in Lawrence Creek on the afternoon of April 1st, their home being washed away.

The bodies of the son and daughter were found in the Creek soon after the flood, but the remains of the mother were not recovered until yesterday morning, when a searching party located her body in the mud about a mile from the C. and O. bridge over Lawrence Creek and two miles North of their former home.

Coroner Dresel's verdict was that of accidental death by drowning.

The remains were buried at Moransburg yesterday afternoon.

SUIT FACTS.

Where a woman buys but one suit each season, using it for second best the next, she wants that suit to retain its shape until she is through wearing it.

This is one of the points wherein "WOOLTEX" excels. To the high quality of all materials used and the intelligent workmanship may be attributed the fact that a "WOOLTEX" coat holds its beautiful shape to the last, and that a "WOOLTEX" skirt hangs as gracefully at the end of its season of service as when new. This is because they are tailored to shape instead of being pressed into shape.

All "WOOLTEX" models, whatever the price, portray advance fashion ideas. Two full seasons of satisfactory wear is the guarantee that the "WOOLTEX" label carries with it and which we stand back of.

AT \$25

Our showing is exceptionally attractive, while at other prices, both above and below, you will find a liberal and select assortment.

You'll like the separate coats and skirts, too.

DECIDE YOURSELF.

The Opportunity is Here, Backed by Maysville Testimony.

Don't take our word for it. Don't depend on a stranger's statement. Read Maysville endorsement. Read the statements of Maysville citizens. And decide for yourself.

Here is one case of it:

J. M. Lloyd, farmer, Rural Free Delivery, No. 5, Maysville, Ky., says:

"I am only too pleased to tell of my experience with Doan's Kidney Pills and hope that it may be the means of benefiting other sufferers of kidney troubles. About five years ago my kidneys suddenly became disordered and for several months I was bothered by constant dull pains across my back and through the loins. When I stooped or lifted, sharp twinges shot through my body and caused me the most intense suffering. Learning of Doan's Kidney Pills, I purchased a box at J. J. Wood & Son's Drugstore and began using them. The contents of this box effected a complete cure and since then I have not had a touch of backache or any other trouble arising from inactive kidneys."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

A STUNNER

The C. and O. Railway Company Defendant in An \$80,000 Damage Suit

The biggest damage suit ever filed in the Circuit Court Clerk's office in this city was left for record yesterday evening.

While there are two separate actions, one for \$50,000 and another \$30,000, practically it amounts to one cause.

The terrible wreck on the C. and O. the 22d of May last at Lawrence Creek, a few miles below the city, which resulted in the injury of so many and death of another, is fresh in the memory of hundreds who witnessed the removal of the wounded from the train to the St. Charles Hotel.

Among the number of victims were Judge Lawrence W. Halsey and wife of Milwaukee, Wis. Mrs. Halsey died a few hours after being received into the hotel and the Judge was confined to his bed here for weeks before he was able to be removed to his home in Milwaukee, where, according to his pleadings, he remains a cripple and an invalid.

Judge Halsey brings action for \$50,000 for injuries to his own person and expenses incurred in consequence. Thomas A. Keith, Administrator of Mary L. Halsey, deceased, files action in behalf of the estate for \$30,000 damages.

Mr. Halsey recites that he is Judge of the Circuit Court of the City of Milwaukee, Wisconsin, and as such receives a salary of \$6,000 per annum, with perquisites amounting to \$650; that in consequence of his injury he has spent \$2,400 for medical attention, etc., and is now paying \$50 per week for medical and other necessary attention; that were it not for his maimed condition he could earn \$10,000 per year, and for these and other reasons he prays for \$50,000 damages.

RIOT in SCHOOL

Scholars in Rooms Formerly Taught By Prof. Coryell Walk Out

The Board of Education Is Taking Drastic Action

THE PUBLIC LEDGER is very sorry to see the trouble that has so suddenly arisen in the Maysville High School.

We do not care to discuss either side of the controversy, or to enter into an analysis of the causes which have led up to the summary dismissal of Principal Coryell.

Whether Mr. Coryell's suspension was legal, arbitrary or unjust we have nothing to say.

We do say, however, that the Board of Education should take drastic and summary action against the scholars who have taken the law into their own hands and have left school, thus defying the Superintendent and the city officials by declaring that they will never return to their studies until Professor Coryell is reinstated in his position of Principal of the High School.

THE PUBLIC LEDGER likes both Supt. Clinger and Principal Coryell, but we will never uphold this unholy spirit of riot, which seems to be implanted in the breasts of many Kentuckians and permit insubordination to rule and overturn the mandates of the Superintendent and the Board of Education without entering a protest.

We want no night riders of the juvenile brand hatched in Maysville, and the quicker the parents of the nearly 100 scholars who have openly defied the regulations of the city schools by walking out with their books, and the Board of Education get together and settle the matter to the advantage of the successful conduct of the Public School, the better it will be for all parties concerned.

THE PUBLIC LEDGER openly appeals to the young girls and boys to return to their books as quickly as possible and thus show themselves to be law-abiding young people or they will be marked for life as "insubordinates" and their consciences will be seared for a lifetime as a result of hastily committing a wrong.

ville to the Lexington papers, saying that the students will not accept Prof. Bowden, are misleading.

At last night's meeting of the Board of Education, with only one dissenting vote, it was resolved that Prof. Bowden would be retained regardless of the consequences.

If these young scholars prefer to stop school at a time when the wind-up of the term will most benefit them, then well and good: they alone will be the losers. The Board of Education should not and will not allow the students to dominate the Public School.

Many of the striking scholars were at the doors of the High School Building last night during the session of the Board. They were treated courteously and invited in. After giving a few "Rahs for Coryell!" there was no other outbreak.

It is sincerely to be hoped that Maysvillians will not lose their heads over this unpleas-

antness, but view the matter calmly, and let's all pull for a greater school development as our new school buildings near completion.

FEARIS.

Morton Sparks is in the city, where he has a position.

Mr. D. Wat Fearis is putting up a fine veranda to his residence.

C. C. Degman of Springdale was here Saturday viewing the flood wreckage.

A. T. McCall sold to Mrs. Nancy Fry 25 acres of land, part of the old Jimmie Fearis homestead, for \$375, cash.

Billie Wilson of Pleasant Ridge has the contract for moving the M. E. Church back on a new foundation. Work began last week.

Nancy J. Fry sold her house and seven acres of land here to Toney Fry. Consideration, \$375, cash. Mrs. Fry got scared out by the floods.

As we have a stock law here people are slow about putting up wire fence since the flood. Road bridges may not be put up before fall.

SPRINGDALE.

Mr. J. W. Tully of Lewis county was here Saturday.

Mrs. C. C. Degman and Mrs. Priscilla Cruey spent Thursday with Mrs. Scott Fletcher, who is slowing convalescing from a long illness.

Mrs. Henry Emmaus has returned to her home at Hamilton, O., after a visit with relatives here, in Lewis county and at Manchester.

Arbor Day was fittingly observed here. Many flags were displayed and a large crowd of citizens met at the schoolhouse. The yard was raked and vines, flowers and shrubs were planted; terraces and rockeries were built and sod put on the bare places. Two fine sugar maple trees were set, one named for Governor Wilson and the other for Governor Cox. Mr. C. C. Degman, Chairman of the Board of Trustees, read the Arbor Day proclamation issued by Governor Cox and gave an interesting talk on the necessity of observing the day. As the Flag March, transposed by Mrs. Degman, was sung, the crowd marched around the trees, saluting each in passing by its distinguished name. After singing "America" and agreeing to meet on Friday, May 1st, to further beautify the grounds, the crowd dispersed.

Nice spring weather and the fruit crop is going to be a peach.

MODERN METHODS

How They Have Improved a Standard Remedy

In the 17th Century a wave of excitement swept over England and France when the medical profession discovered such wonderful curative elements in the cod's liver.

In the 18th Century cod liver oil was imported and used extensively by physicians in this country, but it was found to be adulterated to a great extent, and the useless heavy oil which enveloped the medicinal elements, a great hindrance to its medicinal value.

In 1855 a famous physician from the Hague went to Norway and after two years of experiment and research produced a light brown oil from the cod's livers which was said to be more valuable than the pale yellow oil, but the taste and odor was so repulsive that it frequently caused such nausea that it made it unpopular.

The most valuable discovery, however, was later made by two eminent French chemists, who, after years of research, discovered an extractive and concentrating process, by which all of the medicinal, healing and body building elements of the cod's liver are separated from the useless and unseaworthy oil. These recovered medicinal elements combined with peptone of iron make Vinol the most scientific and valuable cod liver preparation which the world has ever known.

Vinol is so rich in the elements of life that it imparts vigor to all debilitated and feeble conditions and is unequalled as a remedy for all pulmonary troubles.

Try Vinol on our guarantee to return your money if it fails to give satisfaction.

"May the Good Lord Deliver Us."

Winchester Sun-Sentinel.

There is not a religious organization but has members from whom it should pray, "Good Lord, deliver us." The Fraternal Orders could make the same prayer. The political parties are afflicted above all other organizations with members from whom they should pray, "Good Lord, deliver us."

The Republican party in Kentucky is now afflicted with two ex-Federal office holders, now State office holders, from whom the members should pray as they never prayed before, "Good Lord, deliver us," Ben L. Bruner, Secretary of State, and M. H. Thatcher, State Inspector.

Some weeks since, each of these gentlemen made a speech in this city. We know of no better way to describe their effect than to say that the local Democrats have proposed to the

Republican County Chairman that in the campaign this year the Republicans have Bruner and Thatcher return and they (the Democrats) will furnish a good crowd and pay all expenses.

The speech of Bruner at the Fairbanks meeting here last fall did our party as much harm as that of the great Indian did us good, which shows that a very weak man can tear down what it takes a strong man to build up.

There was a Republican meeting in Louisville Friday night. Bruner and Thatcher were speakers. We would not believe the newspaper reports of what they said but for the fact that they uttered very nearly the same sentiments here. We have too much respect for our readers to repeat in their own language what was said. Their position is as follows:
